Name: Alicia Govender Profession: **Environmentalist** 

Date of Birth: 1985/09/29

**Environmental Management Assistance** Parent Firm: **Environmental Assessment Practitioner Position in Firm:** 

**Nationality:** South African **BI & Male/Female Status:** Indian Female

**Tertiary Education:** LLM (Masters in Environmental Law (UKZN))

**Professional Qualifications:** EAPASA registration in progress

**English and Afrikaans** Languages: **Countries of Work Experience:** South Africa, Mozambique

PROPOSED POSITION ON TEAM: Lead/ principal Environmental Assessment Practitioner

#### **KEY QUALIFICATIONS:**

Alicia's passion has always been people, environmental management, sustainable development, and energy related matters all of which have been key contributing drivers toward her career path. Her vision in life is to make a difference, in whatever she does.

Based on the environmental and energy sectors in which Alicia has worked, her experience and competencies include:

- Renewable Energy Project Development Permitting
- Environmental Assessment / Sustainability reporting and reviewing
- Environmental monitoring
- Project planning and project management
- Community liaison and stakeholder management
- Business development and optimisation strategies
- Strategy definition and implementation
- Proficiency in full Microsoft office suite

Having worked mainly in the renewable energy sector for over 13 years, Alicia specialises in Environmental Management and Renewable Energy, and has attained a master's degree in Environmental Law (LLM). Her dissertation focused on the legal protection of avifauna in South Africa, specifically from utility scale solar energy facilities in support of sustainable development, in relation to its beneficial carbon footprint.

Alicia has worked as an Environmental Assessment Practitioner (EAP) for 5 years and has led and been involved in an extensive list of Environmental Impact Assessment Processes for various renewable energy projects (Appendix A). Post her environmental consulting years, she worked in the private sector for two different solar energy Independent Power Producers (IPPs) overseeing their environmental management and project permitting. She has been especially involved in solar developments for 5 years, and has worked with utility scale Concentrating Solar Power (CSP) and Photovoltaic (PV) with key environmental permitting and project management roles for projects bid into the Renewable Energy Independent Power Producer Procurement Program (REIPPPP) for the expedited bid window (BW 4.5). Alicia also recently undertook a bid management role in the Risk Mitigation IPP Procurement programme for Enel Green Power and is currently assisting BioTherm Energy with project permitting and bid management for wind projects in preparation for REIPPPP Bid Window 5.

Other areas of her expertise include Waste Management, Project Management as well as Business Development in South Africa and other African Countries

#### **RELEVANT EXPERIENCE:**

## **Environmental Assessment Practitioner on the following projects:**

- EIA and EMPr for the Proposed 1GW Karoshoek Solar Thermal Park (CSP), Northern Cape (split into 12 different EIA components)
- BAR and EMPr for the 19MW Redstone PV Energy Facility, Northern Cape
- EIA and EMPr for the Proposed Exxaro West Coast Wind Farm Development, north west of Vredendal in the Western Cape Province
- EIA and EMPr for the Proposed Eskom Kleinzee 300 MW Wind Energy Facility, Northern Cape Province
- BAR and EMPr for the 20MW Wind Energy Facility near Koingnaas, Northern Cape Province
- Public Participation for the Proposed Biomass Co-Firing Demonstration Facility at Arnot Power Station, Mpumalanga Province
- Public Participation for the Aggeneis- Oranjemond Transmission Line in the Northern Cape

A comprehensive list of environmental project experience is attached to this CV.

## SUMMARY OF OTHER EXPERIENCE

Business Development Manager at SolarReserve (Independent Power Producer)	2016 – 2019
Environmental Specialist at Emvelo (Independent Power Producer)	2015 – 2016
Waste Specialist at Aurecon	2013 – 2015
Environmental Consultant/ Project Manager at Savannah Environmental	2008-2013

I confirm that I have technical and economic capacity as well as the relevant experience to carry out the works required in my specialist field.

#### Declaration of Independence:

I confirm that the above information contained in the CV is an accurate description of my experience and qualifications and that, EMA was appointed as an independent specialist consultant to undertake the environmental impact assessment process. Neither EMA nor any of its EAPs will benefit from the outcome of the project decision-making, except for reasonable compensation for professional services provided.

Name: Deon Esterhuizen

Profession: Professional Natural Scientist

Date of Birth: 06 June 1968

Parent Firm: MDT Environmental

Position in Firm: Environmental Consultant

Years with Firm:

Nationality:

BI & Male/Female Status:

3 years

South African

White Male

Education: M.Sc Environmental Ecology, 2003

**B.Sc Honours Botany & Zoology, 1991** 

B.Sc Botany & Zoology, 1990

Professional Accreditation: Registered with the South African Council for Natural Scientific

**Professions: Professional Natural Scientist - Environmental** 

Science (RN: 400154/09).

**Member of the International Association for Impact Assessors** 

**South Africa** 

Languages: English

Other Languages	Speaking	Reading	Writing
Afrikaans	Excellent	Excellent	Excellent

Countries of Work Experience: South Africa

Proposed Position on Team: Environmental Leader

#### **KEY QUALIFICATIONS**

24 years of experience in water related projects, which include water resource management, water quality management, water use registration and licensing of water users, including project management of multi-disciplinary studies. He also has extensive experience in a wide-range of environmentally related projects, processes and applications for private, commercial and industrial clients, in addition to local, provincial and national government departments.

## RELEVANT EXPERIENCE

# SENIOR EAP: REVIEW AND ENVIRONMENTAL BASIC ASSESSMENT REPORT AND EMPR FOR THE REDSTOND PV PROJECT IN THE NORTHERN CAPE PROVICE.

Responsible for the review of the Basic Assessment Report and the EMPr under environmental legislative requirements.

- Review and comment on BAR and EMPr
- Apply and ensure legislative requirements are met prior to submission to the DEA

# DEPUTY PROJECT MANAGER – ENVIRONMENTAL (BIOPHYSICAL AND SOCIAL), OLIFANTS RIVER WATER RESOURCES DEVELOPMENT PROJECT, TCTA & DWS, 2009 TO DATE, VALUE = R13,35 BILLION

Responsible for the management of all environmental, social and land acquisition tasks in accordance with the agreement and reported directly to the Project Manager for Sub-Phases 2 B, C, D, E & F.

## These tasks included:

- establish and maintain a close liaison with the Employer's environmental staff and ensure that the obligations of the consulting agreement are fulfilled,
- apply and ensure observance of quality on each of the Consultant's environmental tasks, particularly regarding setting clear definition of work to the various specialist and staff members that will be part of the environmental team.
- lead the additional environmental authorisations,

- provide technical review work as required on all environmental tasks, but was particularly responsible for the EMP and the development of the Project Specifications,
- be responsible for internal environmental performance auditing,
- organise and provide technical backstopping for the site environmental supervision activities and staff.

ENVIRONMENTAL EXPERT – DESIGN AND CONSTRUCTION OF BOTSABELO COMPLEX – LESOTHO BLOOD TRANSFUSION SERVICES SENTRE, NATIONAL REFERENCE LABORATORY, STUDENT ACCOMMODATION AT THE NATIONAL HEALTH TRAINING COLLEGE, THE GOVERNMENT OF THE KINGDOM OF LESOTHO, MARCH 2010 TO DECEMBER 2010, VALUE = R0.5 BILLION

Responsible for the development of an Environmental Protection Plan for implementation during construction. The development of method statements for key environmental construction activities.

ENVIRONMENTAL MANAGEMENT SPECIALIST – ENVIRONMENTAL IMPACT ASSESSMENT TO INVESTIGATE THE ENVIRONMNETAL FEASIBILITY OF RAISING THE TZANEEN DAM, THE CONSTRUCTION OF A STORAGE DAM IN THE GROOT LETABA RIVER AND ASSOCIATED BULK WATER INFRASTRUCTURE IN THE LIMPOPO PROVINCE, DEPARTMENT OF WATER AND SANITATION, APRIL 2007 TO NOVEMBER 2008, VALUE = R1.5 BILLION

Responsible for the development of the Environmental Management Plan.

ENVIRONMENTAL SPECIALIST – CONSTRUCTION OF THE THUNE DAM IN BOTSWANA, REPUBLIC OF BOTSWANA, MINISTRY OF MINERALS, ENERGY AND WATER AFFAIRS: DEPARTMENT OF WATER AFFAIRS, APRIL 2007 TO APRIL 2012, VALUE R1.3 BILLION

## SUMMARY OF OTHER EXPERIENCE

2016 to Date MDTE Consulting, Director

2005 to 2016 ILISO Consulting - Director (Environmental Division)

2000 to 2005 BKS – Director (Environmental Division)

1991 to 1999 Department of Water and Sanitation, Assistant Director

#### **POSITION EXPERIENCE**

Environmental Management and Monitoring Experience			
Role	Project Name	Contract Value	Duration in Years
Deputy Project Manager	ORWRDP2	R13.35 Billion	2009 - current
Environmental Expert	Botsabelo Complex	R0.5 Billion	March 2010 - December 2010
Environmental Management Specialist	Tzaneen Dam raising and storage dam on Groot Letaba	R1.5 Billion	April 2007 to November 2008
Environmental Specialist	Thune Dam	R1.3 Billion	April 2007 to April 2012

#### **DECLARATION**

I confirm that I have technical and economic capacity as well as the relevant experience to carry out the works required in my specialist field in response to RFQ: No 00705-ZA.

I confirm that the above information contained in the CV is an accurate description of my experience and qualifications and that, at the time of signature, I am available and willing to serve in the position indicated for me in the Proposal for Consulting Services, for the durations and the locations indicated therein.
